ROUND LACES FOR TREKKING BOOTS

Trekking laces are made of materials that can withstand harsh terrain and changing weather conditions. They feature a thicker and denser weave than traditional shoelaces, making them more durable for long hikes. Many trekking laces are equipped with special coatings or reinforcements to provide abrasion and moisture resistance. They are available in a variety of lengths and colors, making them adaptable to different types of footwear and personal style preferences.

STYLE	CIRCULAR
WIDTH OR DIAMETER	2 3 4 mm
MATERIAL	POLYESTER
SIZE	45 - 160 cm
MATCHING SHOES	SNEAKERS, BOOTS, SPORTS SHOES, TALL BOOTS OR OTHER ORDINARY MEN'S SHOES

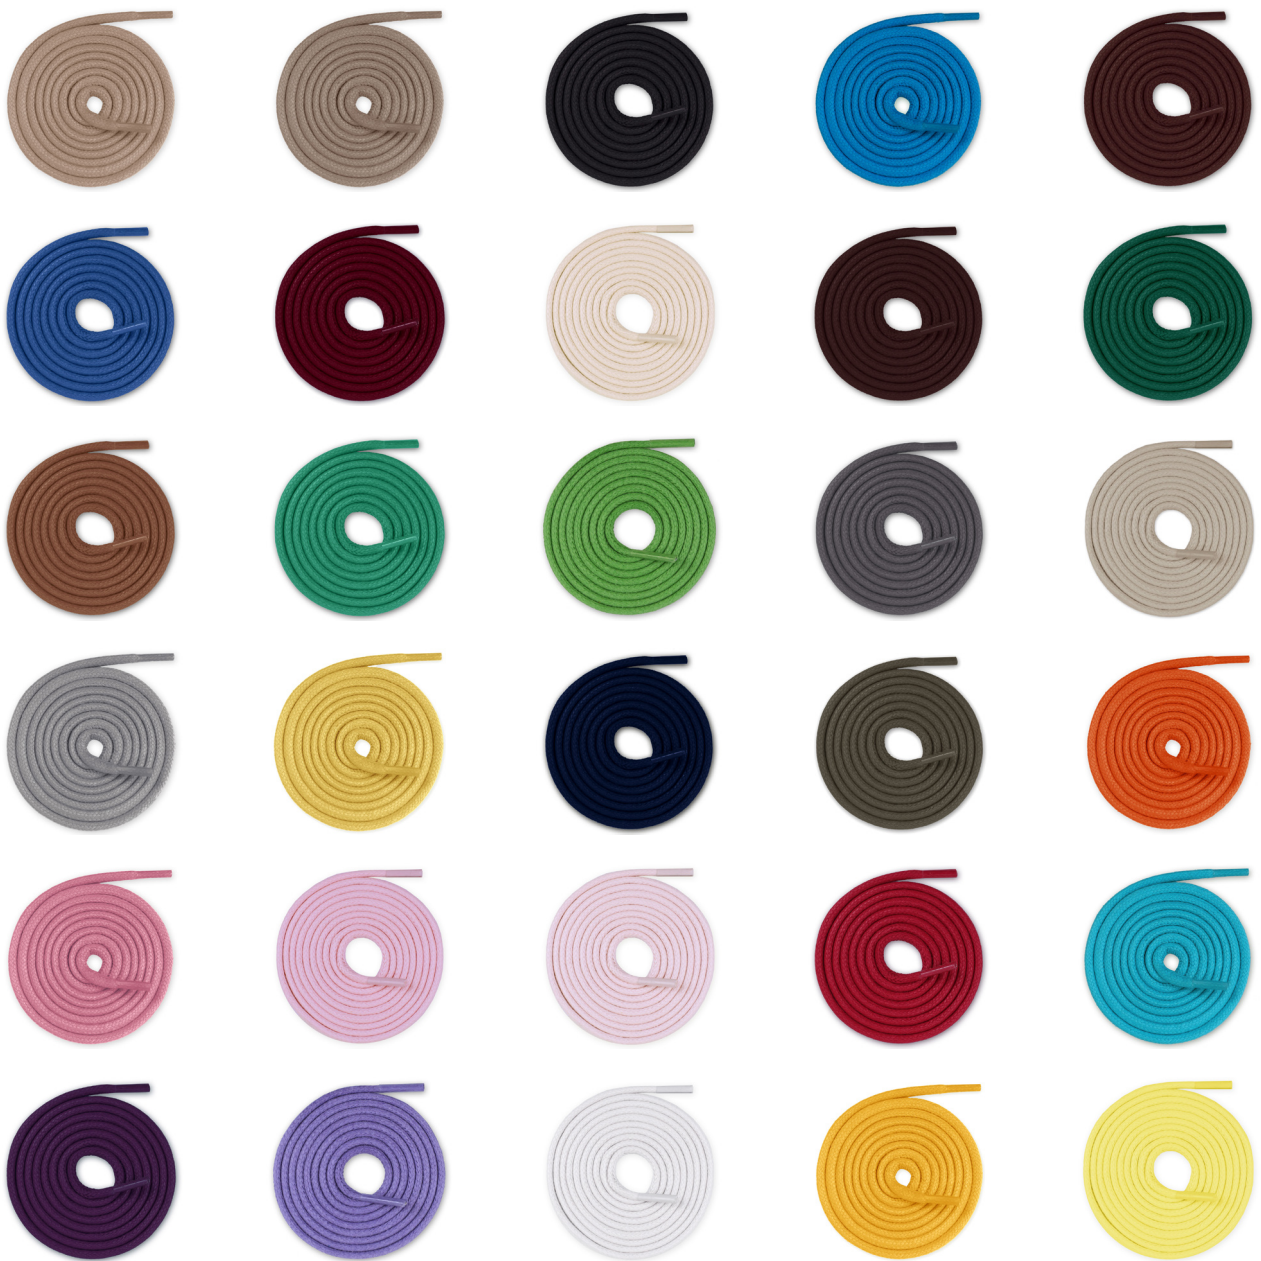

WAXED CIRCULAR FOR EXIT SHOES

Laces for formal shoes are thinner and more elegant than those used in sports or trekking shoes. They are made of fine but durable materials, such as cotton or polyester, to add subtlety to formal shoes. They are often available in classic colors such as black, brown or white, making them easy to match with different styles of footwear. These shoelaces not only serve a practical function, but are also a decorative element that enhances the elegant look of formal shoes.

STYLE	CIRCULAR
WIDTH OR DIAMETER	2 3 4 mm
MATERIAL	POLYESTER
SIZE	45 - 160 cm
MATCHING SHOES	FORMAL AND ELEGANT HALF-SHOES, BOOTS, MOCCASINS
	Waxed flat laces are also available

SYNTHETIC ROUND FOR VARIOUS STYLES OF SHOES

Synthetic round laces are a popular choice due to their durability and abrasion resistance. Made of materials such as nylon or polyester, they are characterized by flexibility and good moisture resistance, making them an excellent choice for sports and outdoor shoes. Their round shape makes them easy to tie and provides a stable hold, even under heavy use. These shoelaces are available in a wide range of colors and lengths to match different shoe styles and personal preferences.

STYLE	CIRCULAR
WIDTH OR DIAMETER	3 4 5 mm
MATERIAL	POLYESTER
SIZE	45 - 200 cm
MATCHING SHOES	CHILDREN'S, SPORTS

SYNTHETIC FLAT

FOR A VARIETY OF FOOTWEAR

Synthetic flat laces are an excellent choice for those looking for durable and practical solutions for a variety of footwear. Their flat design provides a larger contact area with the shoe eyelets, allowing for even pressure distribution during tying and stabilizing the shoe. Made of synthetic materials such as polyester or nylon, they are resistant to stretching and abrasion, making them durable even under heavy use. With a variety of colors and lengths, these laces can be the perfect accessory for both sport and casual shoes.

STYLE	FLAT
WIDTH OR DIAMETER	7 10 mm
MATERIAL	POLYESTER
SIZE	45 - 160 cm
MATCHING SHOES	SPORTS, SNEAKERS
